

OIL INTEL

ENVIROFRESH DEODORISER AND REFRESHER

Spray-and-leave fabric odour neutralising solution, suitable for removing the odours of a wide variety of inorganic sources, such as cooking odours, smoke, alcohol, vomit, pets and mustiness.

Main Features & Benefits

- Neutralises strong odours
- Highly effective
- Safe on textiles and fabrics
- Ideal for rooms or vehicle interiors
- Non-staining

Directions

With a mist applicator, spray evenly onto surface of the odourous fabric (spray at distance of 25cm) until slightly damp. Allow 30 minutes to dry. As solution dries, odours will vanish. For best results, apply a light coating of approximately 10mls per square metre. Reapply for stubborn or pungent odours. Safe on most fabrics.

Always test on a an inconspicuous area first.
Not suitable for silk or fabrics that waterspot.
