FLEET ULTRA WASH 10X CONCENTRATED VEHICLE WASH

Biodegradable, ultra-concentrated commercial fleet wash detergent for the removal of heavy road soiling from vehicles. Ten times more concentrated than your average fleet wash, Fleet Ultra Wash cuts through layers of heavily ingrained road soiling with ease and leaves surfaces with a gleaming showroom finish. Always dilute as per directions. For best results, always clean vehicles away from direct sunlight and avoid use on very hot surfaces.

Main Features & Benefits

- Powerful, ultra-concentrated formula
- Highly diluteable - use more for less
- Penetrates heavy ingrained road soiling
- Leaves vehicles gleaming like new

Directions

Firstly, 2L of concentrate must be added to 18L of cold clean water to make 20L of concentrated cleaner.

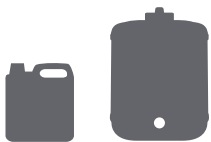

Manual vehicle cleaning: Further dilute the concentrate solution at ratio of 1:40 for manual cleaning with a bucket and brush.

Via waterblaster/automatic dilution unit: Use 1:20 diluted solution for waterblasting. Dry surfaces with a clean, microfibre cloth for best finish - or simply leave to dry.

Degreasing from concentrate: 1:40 - 1:100.

Floor Cleaning: 1:200 - 1:400.

Equipment and machinery: 1:50-1:100.

Product Code

2 Litres: FC-OILFUW02

20 Litres: FC-OILFUW20

MPI Approved C37

(All animal product except dairy)

Why Is This Product DG Class 8?

Under the NZ HSNO (Hazardous Substances and New Organisms) Act 1996, due to the strength, Fleet Ultra Wash is classed as DG Class 8. This is primarily a transport classification for the product in concentrate form. In diluted state it poses no more or less risk or hazard compared to other products in the category, when used correctly on equipment and vehicle surfaces. Should you have any questions please contact us.

In the meantime, thanks for helping the country go green by purchasing concentrates - Reducing transport costs, storage and handling volumes, and reducing packaging waste!
