

# SUPER WASH

## MANUAL VEHICLE DETERGENT & WINDSCREEN ADDITIVE

Car and vehicle manual cleaning detergent containing a unique blend of biodegradable surfactants, with special antistatic agents to help reduce resoiling. Restores the lustre to polished painted surfaces and can be used as a windscreen additive.

### Main Features & Benefits

- Non-wax formulation
- Low pH, user safe for hands and skin
- Restores lustre to painted vehicle exteriors
- Reduces resoiling with antistatic agents

### Directions

**Manual Vehicle Washing:** Use at a ratio of 1:50 (2% soln, 20ml per ltr) with potable water. Ensure vehicle is wet before application, and clean using a soft cleaning brush. Surfaces must be well-rinsed to finish. Chamois surfaces for a 'showroom' finish. **Windscreen Additive:** Use at 3ml per ltr of wash fluid.

### Product Code

5 Litres: FC-OILSW05

20 Litres: FC-OILSW20
