

OIL INTEL

ROCK APE HEAVY DUTY DEGREASER

Rock Ape is a heavy duty solvent-based engine degreaser. Washes away easily with water.

Main Features & Benefits

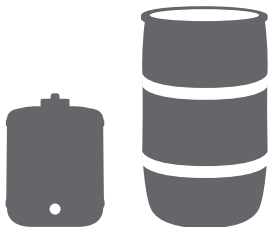

- Cuts through grease and oils with ease
- Multi-purpose for many surfaces, workshops, plants and parts degreasing and engine cleaning.
- No added fragrance
- Added quick-break soil releasing agents
- Ready-to-use for quick application

Directions

Use undiluted, preferably with a foaming sprayer. Leave for a few minutes then rinse off with fresh water. A waterblaster may be used for stubborn grease. Leave for a few minutes to dissolve the grease. Waterblast or rinse off with fresh water to trade waste.

Application

- Grease spot cleaning
- Engine cleaning and degreasing
- Parts washing
- Heavy duty removal of tar/wax/grease
