

OIL INTEL

TYRE SHINE EXTERIOR SURFACE RESTORER

Specialised silicone-based treatment for reviving tyres and surfaces. Provides a long-lasting shine without leaving a thick, greasy film.

Main Features & Benefits

- Simple, easy-to-use application
- Contains shining agents to restore dull surfaces
- Leaves a wet-look finish
- Solvent and silicone-based formulation

Directions

Use undiluted directly on rubber surfaces with a cloth or spray bottle. Allow to soak in before buffing with a clean cloth. Works best with regular use to allow penetration of the tyre wall. Not recommended for use on interior surfaces.

Product Code

20 Litres: FC-OILTS20

5 Litres: FC-OILTS05

Bottle Kit: BK-OILTS01
