

## REVIVE 'N' FINISH SURFACE REVIVER & FINISHER

A wide-range surface rejuvenator with a pleasant lasting fragrance, safe for use on polished wood, plastics, vehicle dashboards, vinyl and rubber. With a unique, non-greasy formula containing antistatic repellents, Revive 'N' Finish protects surfaces against discolouration and helps reduce dust build-up. Contains no alcohol or harsh solvents.

## **Main Features & Benefits**

- Contains antistatic agents to reduce dust buildup
- Helps extend the life of a wide range of surfaces
- Reduces discolouration
- Water-based formulation containing natural oils

## **Directions**

Shake container well before use. Apply sparingly using a spray nozzle, or preferably poured directly onto a clean, dry rag, then applied to interior vehicle surfaces such as dashboards and plastic synthetic surfaces. Polish with a soft cloth. Repeat as required. Always test on an inconspicuous spot prior to use to ensure compatibility. Should not be used on leather.
